# Saflok QuantumIV<sup>™</sup>

# dormakaba 🞽

## Overview

The Saflok QuantumIV electronic lock offers dormakaba's unique award winning two-piece modular design with an RFID reader for a sleek and elegant appearance combined with superior lock performance. The lock accepts Mifare Plus credentials for enhanced functionality, and works with dormakaba access management software.

#### **Mobile Access**

This Bluetooth Low Energy (BLE) capable lock can operate using the dormakaba Mobile Access Solutions, allowing guests to use their mobile device as their hotel room key.

#### Applications

- Suitable for small to very large scale hotels
- Easily replaces existing mechanical or electronic door locks throughout a facility
- Access control for guest rooms, common areas as well as back-of-house

#### Warranty

- Standard 1-year
- · dormakaba platinum, gold, and silver service plans

#### **Security Features**

- High security and tamper-proof design
- 1" solid deadbolt (optional auto deadbolt)
- · Staff monitoring RFID Keycard audits
- Tracking mortise for door ajar reporting (ädase standard, MT optional)
- Emergency access: emergency key, mechanical key and electronic override
- Usage detail stamp in real-time with date/hours/minutes

### Low Maintenance

- · AA alkaline; Batteries last up to 2 years
- · Low battery indicator alerts staff
- Lock programming and audit records are not erased during battery replacement
- Operates with a completely sealed contactless reader

#### Access control management software

The QuantumIV lock is supported by dormakaba's access management software solution for both guest and staff access. Optionally, choose dormakaba's online access management solution for superior control and monitoring.
